MAY REVISE ORDINANCES

133 Have Not Been Listed. In Book—Milk Ordinance Is Taken Up.

A new wrinkle was adopted at the regular meeting of council last evening. By previous arrangement the members assembled early and went over all the the bills and which were O. K.'d by the various committees to whose departments they belonged. This saved a lot of time and confusion which usually followed when the bills were read.

President H. S. Piersol was in the chair, the other members present being W. H. Calvert, Chas. O. Frye, J. Frew, Capt. J. K. Hein, O. C. Lyna and Chas. Schmeiler. The minutes were read and the Burgess, Geo. W. Risbeck's first monthly report was as follows: Hearings, 61; amount paid, $71.60; served time, $18. Tax Collector Parsons' report was as follows:

FOR 1906.

Amount paid treasurer.....	$ 67.95
Liens filed for 1908 taxes.....	139.90
Balance uncollected duplicate.	1,171.13

FOR 1907.

Amount paid treasurer.....	216.92
Liens field for 1907 taxes....	19.05
Balance uncollected duplicate.	2,736.34

FOR 1908.

Balance uncollected duplicate.	5,000.16

The regular bills were presented and ordered paid. The Larkin Manufacturing company of Dayton, O., presented a bill for a patent nozzle for $22. Inquiry elicited the fact that the nozzel had been left with council five years ago for inspection, but never odered or paid for. The claim was put in the hands of committee to investigate.

Geo. L. Schuyler, Esq. sent in a bill for $50 for retainer's fee, the customary amount paid the solicitor. On motion the bill was ordered sent back with the explanation that council did not owe the claimant anything.

An ordinance defining the duties of borough solicitor, and providing for retaining special counsel at the discretion of council, was presened and passed first reading. On motion Rule 27 was suspended, and the ordinance passed second and final readings. An ordinance regulating the sale of milk and cream in the borough was presented and passed first reading.

The question of revising and indexing the ordinances was discussed. There are 133 ordinances which are not in the printed volume, and the matter was placed in the hand of committee to ivestiagte as to the probable cost of revision.

Councilman Frew reported that the sewers of the lockup were now in good shape. Street Commissioner Hormell repored that several water plugs were leaking and the clerk was instructed to notify the water company to repair the same. Thos. Younger, who has the garbage contract, asked for an extension of time until about June 10 to pay the $300 due the borough for his franchise, and the extension was granted. Tois brought up the matter of the garbage franchise for the ensuing year. Health Officer Darby was present, and stated that council should advertise the letting of the garbage contract early, in order to give the successful bidder time to get a proper wagon bed constructed. The matter of considering a request from Thos. Younger, the present contractor, who asks for a rebate on the ground that he has been losing money during the present year, was discussed. The garbage committee having investigated thereceipts and expenditures of the contractor, was instructed to inquire fort er into the matter and report. A motion prevailed to advertise for bids for the garbage contract to be in by the first meeting in May.

Health Officer Darby also registered some complaints in regard to a stench at the garbage furnace, tapping closet vaults, etc., which the garbage committee was instructed to look after.

Complaint was made that the representative of an electrical sign company, who asked permission to hang a sign for inspection at the previous meeting under direction of the fire, water and light committee, had put up the sign without consulting the committee. Some of the members thought this was irregualar, and a motion was made to notify the agent to take the sign down. The motion was lost and the committee was instructed to inspect the sign and report as to its findings. Council then adjourned to meet again Monday night, April 12.

UNIONTOWN IS AGAIN MEMBER OF THE LEAGUE

Uniontown is to have a team in the P. W. Va. league. The supporters of baseball went through practically the same experience in that town that Charleroi people did, and are now back in the fold, ready for business with the opening of the season.

Last week the directors notified President Gronninger that they would not have any baseball team this year, being financially crippled from the past experiences. The worthy president smiled a smile, and told them allright, that he would get Parkersburg or Morgantown, to take their place, but intimated that if they wished to reconsider, their decision he would give them until Saturday night. When the announcement came out that Uniontown had succumbed as a member of the league, some of the patrons of the game from that city got together and raised a fund for the support of the team with the result that application was made to Gronigger on Saturday just before time was up and were readmitted. Consequently Uniontown people are happy. So are Charlreoi people, who intend to see the humiliation of the team from that place more than once this season.

UNDERWRITERS SLOW ABOUT MAKING RECOMMENDATIONS FOR CHANGES

The Underwriters' Association are slow in providing the list of changes that will be necessary to be made in Charleroi to enable the people to get the lowest rate of insurance and in so doing are holding off the settlement with the Charleroi Water company. Last night following the meeting of council, Clerk Nickeson was asked by the members to write to the Underwriters' Association and try to learn why they are holding back the recommendations for changes to be made.

A little over a month ago a letter was written to them following the agreement of the Water company to come to a settlement on the terms proposed by council, to ascertain what recommendations they would make of changes in service in this place, so that the penalty on insurance would be cut down considerable. No answer has been received to date, and council is getting tired of waiting and so are the people.

The penalty at present is $2.50 on each $1,000.

MT. WASHINGTON INCLINE SCENE OF BAD ACCIDENT

Two Boys Killed And Several Persons Are Injured When Line Breaks And Lets Car Get Away.

EARLY THIS MORNING

Two boys were killed and seven persons injured this morning in an accident at the Mt. Washington incline.

The cause of the catastrophe was, it is said, a line breaking which held a passenger car in which the people were riding.

The accident happened at 3:30 o'clock. The two boys who met death were Americans, both 16 years of age. It is possible that some of the others injured may die. All are now under the care of physicians, being less injured. The accident [illegible] on the incline.

GRADES OF HIGH SCHOOL GRADUATES ARE AVERAGED

The grades of the High School graduates this year have been averaged for the past three years worn, and the places chosen for the commencement exercises, which will be held the latter part of May or the first of June. The program has not yet been arranged.

Roy Carson will be the valedictorian, having made the highest grade, 94. The salutatorian, will be Miss Mamie Rockwell, who made a grade of 92 per cent. The other members of the class follow in the order of their grade: Harold Smith, Bernice Rice, Jesse Richey, James Thompson, Susie Beigel, Jacob Mitchell, Buelah Lee, Fred Carson, David Thompson, and Helen Howard.

The question whether the graduates will wear caps and gowns at commencement has not yet been decided.

STREET CAR WILL USE NEW ROUTE BY MAY 1

About the first of May it is expected that street cars over the Pittsburg & Charleroi divsion will be using the new route into the city along the Pittsburg & Castle Shannon Railway line. Connection with the Charleroi line was made at Castle Shannon about one week ago, and work is now rapidly progressing in blasting the new line and laying the tolley wires. After the trick has been placed in shape the street cars will use the new route, which will be much better than the present long fire down West Liberty avenue.

GENERAL PAVING ORDINANCE PASSED AT LOCK NO. 4

Council In Regular Business Meeting Transacts Much Business—Many Bills Are Accepted and Ordered Paid.

SOLICITOR IS ELECTED

At the meeting last night of the North Charleroi council the general paving ordinance was taken up, and passed third reading. The ordinance is one prepared some time ago, which allows the citizens the right to petition council to pave streets in the borough. The residents of North Charleroi are getting tired of existing without any paved streets, and this is the first move to remedy the deficiency. A petition was read, which was not presented to council, however, from some of the citizen residing on Lincoln avenue, asking that the borough line where the borough of Charleroi and North Charleroi connect, to the school building on the hill and staton on Fourth street. The persons circulating this petition hope to have it in readiness to present to the council at the meeting next Monday.

It being a regular meeting there was a large number of bills presented, and part of these were adopted and a warrant ordered drawn on the treasurer for the separate amounts. Others were placed in the hands of the different ccommttees for consideration at the next meeting.

The treasurer's report was read and accepted, showing receipts for the month of $138.11, expenses, $131.70, leaving a balance of $6.31. The tax collector did not have any report.

Mr. Sloan of the special committee appointed to meet with a similar committee of the Charleroi council in regard to the opening up of McKean avenue, Charleroi, and Lincoln avenue of North Charleroi, stated that a meeting had been held and a proposition had been made to the Pittsburg Railways company to lay a double track through the two towns, but in Charleroi only to the car barn, and with this agreement to pave between the tracks. He said that in the matter of getting the Pennsylvania Railroad company to get their tracks removed from the borough's property near Fourth street there had been no developments. The reports were accepted.

Mr. Shafer stated that the hill residents were petitioning for water service, and a motion passed that the water committee be given charge of matter to report at the next meeting. The residents are anxious to have service, as it is thought they deserve. It was stated that the water company was ready to lay the line when they were officially notified.

Mr. Rockwell of the real estate committee brought up the matter for changing the price charged by the city hall for dancing purposes, from $4 to $3 a night. Nothing was done in the matter.

Burgess Gee asked for a side door to the lockup and a gas pipe to be fitted, so that danger from fire might be lessened. The gas stove is connected with merely a hose.

The question of whether Mrs. S. A. Walton should be allowed to pay her taxes at face was taken up. It was claimed that the streets were practicly impassible and had been for sometime, which fact had caused the tax to be held back. Council decided

TEACHERS PETITION PROF. W. D. WRIGHT TO REMAIN

Wish Popular Head Of Schools To Reconsider His Resignation As Superintendent—Paper Is Largely Signed.

SCHOOL BOARD MEETING

Matter Will Be Taken Up—Suggestion Of What Might Be Done.

That Prof. W. D. Wright, superintendent of the Charleroi schools is the most popular head the schools ever had was attested to last evening when the teachers presented a petition to him, signed by 43 of 45 teachers, requesting him to reconsider his resignation as superintendent of the schools, and remain here. Prof. Wright, when interviewed this morning, stated that he appreciated very much the action of the teachers, but on account of his daughter Lilian's health could not consistently stay in this section where the climate is so bad. The school board will hold a meeting tomorrow night at which time the resignation will be taken up and acted upon. The directors are all much pleased with Prof. Wrght's work and would be glad to have him remain.

Prof. Wright recently presented his resignation as superintendent, giving as his sole reason the poor health of his daughter, whom it is stated cannot remain in this climate. He had no other position in view, but intended to go to Kansas, and would probably secure a place in some of the schools there.

Wright remain a permanent [illegible] his daughter away for a few months during the year, but this, it seems, would be impossible. Prof. Wright stated he would not ask the school board for an increase of salary, under any conditions, but with the present demands upon him he would be unable to send his daughter away and remain here. So as the best way to get out of the difficulty, Prof. Wright said, was to present his resignation to the board.

The teachers did not fully realize the position of the superintendent when the petition was presented, but now that they have taken action they are not sorry for it. They consider that it is up to the board to raise the salary if possible, and in this way keep Prof. Wright as the head of the schools.

BALLOON FOUND BY MONESSEN WOMAN

The balloon sent up Friday night, March 26, by James Gelder of the Sanitary Meat Market of Fallowfield avenue, with a prize tag attached, was found by Mrs. J. E. Reed, who lives half a mile east of Monessen. Mrs. Reed came to Charleroi yesterday, and was awarded the prize.

Four of the rockets sent up last Friday night by the Sanitary Meat Market and McDermott's Creamery, in the same building, were also found the same night. The finders were C. J. Wickerham, 531 McKean avenue; Tony Monarch, 527 Fallowfield avenue; Harry Lape, 524 Fallowfield avenue; Iva Mallabone, 701 Fallowfield avenue. All of these had prize tags attached to the sticks, and the finders were awarded the prizes. The two firms have five ballons and four rockets out yet with prize tags, which have not been found. Announcement will be made in Thursday evening's Mail for the Friday night specials.

PHYSICIANS WILL HOLD MEETING IN CHARLEROI IN MAY

Arrangements are being made by Charleroi members of the Washington County Medical society, for a meeting of the association to be held here the second Tuesday of May, which will be the next after this monthly meeting Tuesday at Charleroi has never had a meeting of the society and it was at the instance of Dr. Stahlman of Charleroi at the March meeting that the matter was taken up.

A good program has been prepared for the meeting to be held at Washington next Tuesday. It is as follows.

"The Diagnosis and Teatment of Ankylostomiasis," by Dr. J. L. McCullough of Washington.

"Micoscoic Diagnosis of the Different Malaial Fevers," by Dr. L. C. Honesty, of Washington.

"The diseases Due to Parasites Entering the Body Through the Digestie Tract," by D. C. W. Cohen of Canonsburg.

"Diseases Due to Parasites Entering the Body, Other Than Through the Digestive Tract," by Dr. C. C. Craraft, of Claysville.

Death of Former Charleroi Citizen.

Word was received last night of the death of John Rock of Morgantown, W. Va., formerly of Charleroi. The body will be brought to the home of his brother-in-law, Thos. Rosbottom of 208 Crest avenue on the 9:05 train Wednesday morning. Funeral arrangements will be made later.

When it comes to buying real estate Uncle Sam is a keen bargainer. Moreover he has the advantage of the ordinary citizen, in that he can take any plot he may need for a building site, and pay whatever valuation a jury of disinterested persons may place upon it. This is what he may do in Charleroi, and no fancy prices will be paid for a site for our prospective government building.

While the coal miners' movement for a six-hour day is likely to meet with bitter opposition, it should be generally considered before judgement is passed upon it. From an industrial point of view the hours may seem too short, but from the human side there is much in its favor. Investigation will show that there are numerous trades and industries dangerous to the life and health of operatives in which the working shifts are even shorter than six hours. The proposition will bear investigation.

Economy The Watchword.

With the running expenses of Washington county averaging $1,500 a day, the total for the year will reach nearly half a million. Notwithstanding the strenuous efforts made in certain quarters at the last triennial assessment to increase the taxable valuations under the plea that a full assessment did not necessarily mean a higher tax rate, county expenditures have steadily advanced, which has necessitated a higher tax rate for the county this year. This is only the natural order of conditions, and so long as the valuations warrant a higher tax rate, this rate will be imposed to meet steadily increasing expenditures. In view of the great business depression which has prevailed, it would be unwise to make any marked increase in existing valuations at the next triennial assessment. Real estate valuations have suffered a material reduction during the past year, and many industrial plants which have remained idle had absolutely no valuation at all. This experience is a striking object lesson against the policy urged in many quarters of assessing an industrial plant at the full amount expended in its construction. During the past year the spectacle was witnessed of many big plants which cost thousands of dollars utterly worthless except for the purposes for which they were built.

The assessors should go slow at the coming triennial assessment. When valuations are high the temptation to spend public money is not nearly so great.

Belongs to This District.

Strenuous efforts are being made by the friends of Congressman Moore of Philadelphia, Graham of Pittsburg and Cooper of Uniontown to have them appointed to fill the vacancy on the Rivers and Harbors committee, caused by the retirement of E. F. Acheson. There should be no contest whatever in this appointment. Hon. J. K. Tener of Charleroi is the logical candidate for this position, filling as he does Mr. Acheson's place as representative of this district whose interests are so directly and vitally connected with river improvements. By virtue of both natural conditions and precedent, the appointment of Mr. Acheson's successor on the Rivers and Harbors Committee belongs to this district.

As previously stated in the Mail, it is possible to bring considerable influence to bear in this appointment if only the business associations and boards of trade within the district put forth the proper effort. It has been suggested that these bodies write letters to the United States Senators and other Congressmen and officials of their acquaintance, asking them to use their influence for the appointment of Mr. Tener on this committee. The Charleroi Merchant's Association has already taken action in this matter, but all the assistance is needed that can be brought to bear. This appointment is of vital importance to the industries of the river and entire Pittsburg district, and if given to Mr. Tener our interests in this respect would be well cared for.

Send In The News

Every once in a while a kick is registered that the Mail has omitted some news items in which the person making the kick is interested. Inquiry usually develops the fact that this person did not apprise the Mail of the event or item in question, and the local news gatherer was not aware of it. This is not always satisfactory to the aggrieved person, who usually comes back with the well-worn argument that it is the newspaper's business to keep tab on everything, and to see that it is properly covered and reported. For the benefit of its readers and the public generally the Mail desires to state that it covers its field better, and is in closer personal touch with its readers and patrons than any of the Pittsburg papers, for example.

Not only that, but the Mail gives more local news proportionately each day than any of the papers publishd in Pittsburg. This can be readily verified by a glance at any of these paper, and by sorting out the purely Pittsburg news. How much, for instance, can be found relating to Allegheny, or the Northside, as it is now called? There is a city with possibly a population of over 200,000 in which all newspaper ventures have met with disastrous failure. Yet it is a fact that most of the Pittsburg papers assign one reporter to cover the whole city each day.

Charleroi, including Speers and North Charleroi, embraces a territory of possibly three miles in length, and has a population of perhaps 10,000. The Mail has one outside reporter to cover this, and he does it well. In Pittsburg none of the papers have more than a half dozen reporters to cover a territory over fifteen miles in length with a population of over half a million. The writer, who a few years ago was on the local force of one of the leading morning Pittsburg papers, was one of four who often constituted the entire force of outside men for a day and night, and one of these were assigned to cover Allegheny. That gave each man an average of over 100,000 people to look after.

None of the city reporters on big newspapers average two columns of news a day, yet the Mail's outside man exceeds this every day of the week. The city papers, only touch the fringe of the population—the wealthy and the criminal classes—while the real people—the "common people", as President Lincoln termed them—seldom figure in the news columns. In the Mail is recorded each day more real history and news of the people in proportion to the field covered, than in any of the city papers.

These statements are made simply with a view of setting the public aright in its conception of the duties and work performed by the newspapers. The Mail is more than happy to publish all news items relating to the community, but it cannot exceed proportionately the efforts of the large city papers in news gathering. It therefore again makes the request to its patrons, send in all the news items in which you are interested.

Electric Sparks

With the opening of real spring we notice the usual contagious spring fever is at its height. Suppose it will continue until next April with some people.

Now that Uniontown is again to be a member of the P. W. Va. league we can safely depend on the league being alive this year. And also some clashes between our own Frank and his tribe, with the wily Champs may be eagerly looked for, and if they don't look sick after he gets through with them, there will be a mighty good reason.

According to all reports we are going to have a Marathon. Oh, you can't keep Charleroi from getting into all kinds of fashionable events.

The reason we don't have more sensations over here is because we are so afraid Monessen might get jealous.

The county expenses grow. Well what of it? Doesn't the population keep a few licks ahead also?

Soap dealers got it on Monessen residents. Watch for them in Charleroi.

A contemporary says that Monessen has the best stores in the valley. Evidently it forgot that Charleroi was a neighbor. Beat us if you can.

A Cleveland man came near marrying the wrong girl on account of a mistake in names, but found it out in time. More fortunate than many men who have no way of learning of their mistake until too late.

What with the gun silencer and the new electric light sights the neighborhood cat and dog nuisance is liable to get an overnight set back.

Mr. Roosevelt is said to be very confident that the lions won't get him. We infer from this that he intends to get the lions first. Old African hunters say that this is quite essential to the safey of those who go after lions.

EXPENSES OF THE COUNTY ARE EVER ON THE INGREASE

The running expenses of Washington county are about $1,500 per day, according to the records in the commissioners' office, says the Washington Record. The total expenditures for the quarter ending March 31, were $111,870.10, and by months as follows: January, $21,009.98; February, $51,987.28; March, $38,382.85.

The amounts drawn from the several funds for January were as follows; General fund, $7,304.30; bond fund, $13,702.50; dog fund, $3.18. In February $20,763.33 was drawn from the general fund, $17,723.24 from the road fund, and $22,500 from the Monongahela bridge fund. The principal expenditures in March were: From general fund, $28,009.12; bond fund, $300; Donora bridge fund, $8,550.

The court expenses were very heavy as follows: Grand jurors, $332.50; mileage, $63.78; petit jurors, $995; mileage, $63.78; traverse jurors $2,790; mileage, $641.50; witnesses, fees, $2,126.43; mileage, $1,409.28; district attorney, $1,000; assistant district attorney $300; court crier, tipstaves, messengers, $779.50; clerk of courts, $1,257; court stenographer, $765.80.

The amount paid justices of the peace was $1,292.52; constables, $1,658.23; for transcripts, $805.10; mileage for justices and constables, $175.44. The amount paid for views and awards was $155.07.

ECZEMA LODGES IN THE SKIN

Not a Blood Disease—Cured by Oil of Wintergreen Compound

For many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of wintergreen, thymol, glycerine, etc. The remedy is a liquid, not a mere salve, hence it sinks right into the pores of the skin. Washing with this oil of wintergreen compound seems to take away the itch at once; soon the scales drop away and the disease disappears. The prescription has now been used so long as to have proven its absolute merit and we do not hesitate to express our confidence in D. D. D. Prescription as used with D. D. D. Soap.

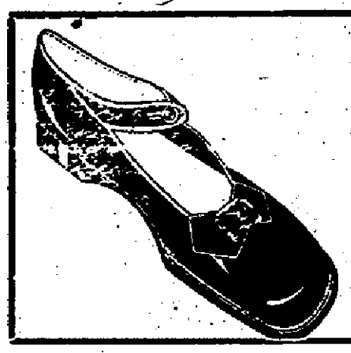
ADOLPH'S SPRING AND SUMMER FOOTWEAR

This is a family shoe store. For two years we have always put quality before every other consideration--even before price--and the result of this careful watching over the interests of our customers is the magnificent trade that comes to us season after season, year after year, and generation after generation for we shod your father and mother in the styles of their day just as we are supplying you with the fashionable shapes and designs of today. Our spring and summer shoes and oxfords for men, women and children are now ready.

A Boy's Oxford

Here is a little Oxford made just like father's—sturdy and mannish—extra fine calf uppers—oak tanned soles—blucher cut—with and without heels

98c up



A Girl's Pump

This is a dainty patent leather pump with all the elegance and comfort of a woman's pump. Welted oak soles—patent leather bow—ankle strap with one button

98c up

Men's Oxfords

The swagger two eyelet Oxford pattern is proving one of the best sellers we ever brought out—rather

$2.95

round, comfortable, toe with just enough swing in the last to follow the fashionable custom shapes—in Patent, Russian tan and Gun Metal leathers.

Women's Ties

This department has had particular attention this season and is brim full of the new and fashionable designs. The Oxford illustrated is

$2.95

made of fine vici kid with patent leather tip—turned sole, blucher cut, with wide ribbon lace and splendidly modeled arch with high heel.

We urge you to come at your early convenience—before the Easter rush if possible—so that we may be able to fit you carefully and correctly and so that you may have the benefit of selection from the complete lines before they become broken in sizes and widths.

HE GOT BIG PAY.

An African Salary That Commanded Respect and Obedience.

Makuba and Oblanga were two Africans, the one the captain of a boat crew and the other subordinate to him. Oblanga was an independent fellow, not in the least lazy, who rather resented "bossing." In a book entitled "The Jungle Folk of Africa" R. H. Milligan tells of an altercation between the two men. Makuba, the diplomatic, came out of it with flying colors.

The worst disputes between Makuba and Oblanga took place when they supposed that I was asleep. The native when he lies down anywhere sleeps immediately. Whenever I was lying in the bottom of the boat they always thought I was unconscious and that no conceivable noise could waken me.

Captain Makuba orders Oblanga to "haul away on the peak halyards," to which Oblanga promptly replies:

"Do it yourself."

"I won't do it; you will do it!" says Makuba in a threatening tone.

"Are you my father?" says Oblanga.

"No," answers Makuba, with infinite scorn. "How could a Kombi man be the father of a creature like you?"

"Then stop giving me orders!" says Oblanga, with rising wrath. "It is not the first time you have tried it, and one of these days you will find out that it won't do."

"One of these days you will find out that I am captain of this boat and that you will have to obey me," says Makuba.

"Not as long as I carry a gun," answers Oblanga.

By this time they are standing up and looking hard at each other. But Makuba would not think of striking a man in a mission boat. He therefore becomes diplomatic. Suddenly in a tone altogether different he says:

"Oblanga, the trouble with you is that you are just a bushman. You don't know anything about civilization. On every big ocean steamer there is a captain, and every man on board, no matter what tribe he belongs to, obeys the captain."

Oblanga becomes instantly curious and asks, "Is he rich?"

"Yes," says Makuba; "he gets big pay, and so do I get big pay."

"How much do you get, Makuba?"

"How much do you think?"

Oblanga thinks as well as he knows how, his countenance distorted with the effort, and at length answers reflectively, "Two dollars a month." He himself gets a dollar and a half.

A broad smile engages Makuba's features as he slowly answers, "Five dollars a month."

Oblanga gives expression to his surprise in a long, low whistle. It is quite evident to him that no ordinary person could command such wages, and in a tone of utmost compliance he says: "What was it you told me to do, Makuba? I forgot."

"I forget, too," says Makuba; "Oh, yes," he recalls, "I told you to haul on the peak halyards."

His Occupation.

A big, brawny fellow in answer to a question in a justice's court as to what he did for a living said:

"Well, sir, in the spring I ketches an' sells young mockin' birds, in the summer I mostly sells rattlesnake buttons fer rattles fer the babies, but in the winter I sometimes has to chop wood."—Atlanta Constitution.

Enlarging the Limit.

"You are very foolish, Alfred. That is your third cigar, and you know the doctor limited you to one a day."

"Yes, dear, but I've consulted two other doctors, and each has allowed me one cigar a day; total, three!"

VINOL CURES CHRONIC COUGHS, COLDS AND BRONCHITIS

After Other Remedies Fail

"I have been troubled with a chronic cold and bronchitis for a long time and have tried many remedies without finding relief. Through the kind suggestion of a friend I tried Vinol, and after taking four bottles, am entirely cured." A. H. Wilde, 733-8th Avenue, Minneapolis, Minn.

S. McDonald, 147 W. Congress St. Paul, Minn., writes: "I contracted a severe cold last winter and thought I would never get rid of it. I tried Vinol as a last resort, and it has completely cured me."

Vinol combines two world-famed tonics, the healing, medicinal properties of cod liver oil and tonic iron, deliciously palatable and agreeable to the weakest stomach. For this reason, Vinol is unexcelled as a strength-builder for old people, delicate children, weak and run-down persons, after sickness and for Chronic Coughs, Colds and Bronchitis.

The boardwalk committee was instructed to locate the curb line in places of doubt, so that the burgess could keep the walks free from obstruction.

A solicitor was elected last night, there being two applicants, Attorneys Hugh Fergus and D. M. McCloskey. The former was chosen by vote of 4 to 3. A solicitor had been elected before, but the ballot was taken secretly, and had to be changed to viva voce to make it legal.

The auditor's report for the year was read but referred back for correction, it being claimed there was an error in the total duplicate.

Those present at the meeting were President Woodward, and Messrs. Schafer, Jacobs, Rockwell, Geskill, Sloan and Nebelung.

Personal Mention

Rev. H. C. Boblitt, pastor of the First Christian church, is confined to his home with a severe attack of laryngitis.

Prof. B. B. Smith of the borough high school is receiving congratulations over the arrival of a daughter into his household at Belle Vernon yesterday.

D. M. McCloskey, Esq., left this evening for Washigton, D. C., where he will transact business in connection with the Federal buildinng to be erected at the corner of Seventh street and Fallowfield. Mr. McCloskey thinks that there will not be any condemnatory proceedings instituted.

Mrs. F. C. Stahlman, Mrs. George Woodhall and Miss Helen Woodhall are visiting friends in Pittsburg.

S. T. Chester was in Pittsburg yesterday transacting business.

J. L. Reeves is in Pittsburg today looking up business.

Mrs. Archie Hormell and daughter Esther have returned to their home in Ashtabula, Ohio, after a visit with the former's parents, Mr. and Mrs. B. L. Parsons of Fallowfield avenue.

Mrs. Rose Stone has left for Carlisle where she will spend sometime with friends and relatives.

Officers Elected

At a congregational meeting at the First Presbyterian church last evening three elders were elected, W. C. Clark, Robert Beaver and J. Bumbaugh. Three trustees were also elected, Clyde Sheep, Geo. Clark and Dr. J. W. Hunter.

BURGESS RISBECK MAKES RECORD IN FIRST REPORT

More Arrests During Month And Turns in More Money Than Is Usual As Proceeds Of The Office.

MAY REVISE ORDINANCES

133 Have Not Been Listed in Book—Milk Ordinance Is Taken Up.

A new wrinkle was adopted at the regular meeting of council last evening. By previous arrangement the members assembled early and went over all the the bills and which were O. K.'d by the various committees to whose departments they belonged. This saved a lot of time and confusion which usually followed when the bills were read.

President H. S. Piersol was in the chair, the other members present being W. H. Calvert, Chas. O. Frye, J. Frew, Capt. J. K. Hein, O. C. Lynn and Chas. Schneller. The minutes were read and the Burgess, Geo. W. Risbeck's first monthly report was as follows: Hearings, 61; amount paid, $71.60; served time, 818. Tax Collector Parsons' report was as follows:

FOR 1906.

Amount paid treasurer.....	$ 67.90
Liens filed for 1908 taxes.....	138.90
Balance uncollected duplicate.	1,171.13

FOR 1907.

Amount paid treasurer.....	216.90
Liens filed for 1907 taxes....	19.03
Balance uncollected duplicate.	2,736.34

FOR 1908.

	2.00
Balance uncollected duplicate.	5,000.16

The regular bills were presented and ordered paid. The Larkin Manufacturing company of Dayton, O., presented a bill for a patent nozzle for $22. Inquiry elicited the fact that the nozzel had been left with council five years ago for inspection, but never ordered or paid for. The claim was put in the hands of committee to investigate.

Geo. L. Schuyler, Esq. sent in a bill for $50 for retainer's fee, the customary amount paid the solicitor. On motion the bill was ordered sent back with the explanation that council did not owe the claimant anything.

An ordinance defining the duties of borough solicitor, and providing for retaining special counsel at the discretion of council, was presented and passed first reading. On motion Rule 27 was suspended, and the ordinance passed second and final readings. An ordinance regulating the sale of milk and cream in the borough was presented and passed first reading.

The question of revising and indexing the ordinances was discussed. There are 133 ordinances which are not in the printed volume, and the matter was placed in the hand of committee to investiagte as to the probable cost of revision.

Councilman Frew reported that the sewers of the lockup were now in good shape. Street Commissioner Hormell repored that several water plugs were leaking and the clerk was instructed to notify the water company to repair the same. Thos. Younger, who has the garbage contract, asked for an extension of time until about June 10 to pay the $300 due the borough for his franchise, and the extension was granted. This brought up the matter of the garbage franchise for the ensuing year. Health Officer Darby was present, and stated that council should advertise the letting of the garbage contract early, in order to give the successful bidder time to get a proper wagon bed constructed. The matter of considering a request from Thos. Younger, the present contractor, who asks for a rebate on the ground that he has been losing money during the present year, was discussed. The garbage committee, having investigated the receipts and expenditures of the contractor, was instructed to inquire further into the matter and report. A motion prevailed to advertise for bids for the garbage contract to be in by the first meeting in May.

Health Officer Darby also registered some complaints in regard to a stench at the garbage furnace, tapping closet vaults, etc., which the garbage committee was instructed to look after.

Complaint was made that the repreesntative of an electrical sign company, who asked permission to hang a sign for inspection at the previous meeting under direction of the fire, water and light committee, had put up the sign without consulting the committee. Some of the members thought this was irregular, and a motion was made to notify the agent to take the sign down. The motion was lost and the committee was instructed to inspect the sign and report as to its findings. Council then adjourned to meet again Monday night, April 12.

UNIONTOWN IS AGAIN MEMBER OF THE LEAGUE

Uniontown is to have a team in the P. W. Va. league. The supporters of baseball went through practically the same experience in that town that Charleroi people did, and are now back in the fold, ready for business with the opening of the season.

Last week the directors notified President Gronninger that they would not have any baseball team this year, being financially crippled from the past experiences. The worthy president smiled a smile, and told them allright, that he would get Parkersburg or Morgantown, to take their place, but intimated that if they wished to reconsider their decision he would give them until Saturday night.

When the announcement came out that Uniontown had succombed as a member of the league, some of the patrons of the game from that city got together and raised a fund for the support of the team with the result that application was made to Gronninger on Saturday just before time was up and were readmitted. Consequently Uniontown people are happy. So are Charleroi people, who intend to see the humiliation of the team from that place more than once this reason.

UNDERWRITERS SLOW ABOUT MAKING RECOMMENDATIONS FOR CHANGES

The Underwriters' Association are slow in providing the list of changes that will be necessary to be made in Charleroi to enable the people to get the lowest rate of insurance and in so doing are holding off the settlement with the Charleroi Water company. Last night following the meeting of council, Clerk Nickeson was asked by the members to write to the Underwriters' Association and try to learn why they are holding back the recommendations for changes to be made.

A little over a month ago a letter was written to them following the agreement of the Water company to come to a settlement on the terms proposed by council, to ascertain what recommendations they would make of changes in service in this place, so that the penalty on insurance would be cut down considerable. No answer has been received to date, and council is getting tired of waiting and so are the people.

The penalty at present is $2.50 on each $1,000.

MT. WASHINGTON INCLINE SCENE OF BAD ACCIDENT

Two Boys Killed And Several Persons Are Injured When Line Breaks And Lets Car Get Away.

EARLY THIS MORNING

Two boys were killed and seven persons injured this morning in an accident at the Mt. Washington incline.

The cause of the catastrophe was, it is said, a line breaking which held a passenger car in which the people were riding.

The accident happened at 8:40 o'clock. The two boys who met death were Americans, both 16 years of age. It is possible that some of the others injured may die. All are now under the care of physicians, being more less injured. The accident is reported happened on the incline.

GRADES OF HIGH SCHOOL GRADUATES ARE AVERAGED

The grades of the High School graduates this year have been averaged for the past three years work, and the places chosen for the commencement exercises, which will be held the latter part of May or the first of June. The program has not yet been arranged.

Roy Carson will be the valedictorian, having made the highest grade, 94. The salutatorian, will be Miss Mamie Rockwell, who made a grade of 92 per cent. The other members of the class follow in the order of their grade: Harold Smith, Bernice Rice, Jesse Richey, James Thompson, Susie Beigel, Jacob Mitchell, Beulah Lee, Fred Carson, David Thompson, and Helen Howard.

The question whether the graduates will wear caps and gowns at commencement has not yet been decided.

STREET CAR WILL USE NEW ROUTE BY MAY 1

About the first of May it is expected that street cars over the Pittsburg & Charleroi divsion will be using the new route into the city along the Pittsburg & Castle Shannon Railway line. Connection with the Charleroi line was made at Castle Shannon about one week ago, and work is now rapidly progressing in blasting the new line and laying the tolley wires. After the trick has been placed in shape the street cars will use the new route, which will be much better than the present long fire down West Liberty avenue.

See Them in our Show Window.

For a leader we offer a four piece solid quartered oak Bed Room Suit including bed, dresser, chiffonier and wash stand worth $100 for only $60.00. By a special arrangement with the manufacturers we are able to give you this great bargain, but we were only able to get a limited number and we advise you to come early if you want a bargain. GENERAL PAVING ORDINANCE PASSED AT LOCK NO. 4

Council In Regular Business Meeting Transacts Much Business—Many Bills Are Accepted and Ordered Paid.

SOLICITOR IS ELECTED

At the meeting last night of the North Charleroi council the general paving ordinance was taken up, and passed third reading. The ordinance is one prepared some time ago, which allows the citizens the right to petition council to pave streets in the borough. The residents of North Charleroi are getting tired of existing without any paved streets, and this is the first move to remedy the deficiency. A petition was read, which was not presented to council, however, from some of the citizen residing on Lincoln avenue, from the borough line where the borough of Charleroi and North Charleroi connect, to the school building on the hill and staton on Fourth street. The persons circulating this petition hope to have it in readiness to present to the council at the meeting next Monday.

It being a regular meeting there was a large number of bills presented, and part of these were adopted and a warrant ordered drawn on the treasurer for the separate amounts. Others were placed in the hands of the different ecommttees for consideration at the next meeting.

The treasurer's report was read and accepted, showing receipts for the month of $138.11, expenses, $131.70, leaving a balance of $6.31. The tax collector did not have any report.

Mr. Sloan of the special committee appointed to meet with a similar committee of the Charleroi council in regard to the opening up of McKean avenue, Charleroi, and Lincoln avenue of North Charleroi, stated that a meeting had been held and a proposition had been made to the Pittsburg Railways company to lay a double track through the two towns, but in Charleroi only to the car barn, and with this agreement to pave between the tracks. He said that in the matter of getting the Pennsylvania Railroad company to get their tracks removed from the borough's property near Fourth street there had been no developments. The reports were accepted.

Mr. Shafer stated that the bill residents were petitioning for water service, and a motion passed that the water committee be given charge of matter to report at the next meeting. The residents are anxious to have service, as it is thought they deserve. It was stated that the water company was ready to lay the line when they were officially notified.

Mr. Rockwell of the real estate committee brought up the matter for changing the price charged by the city hall for dancing purposes, from $4 to $3 a night. Nothing was done in the matter.

Burgess Gee asked for a side door to the lockup and a gas pipe to be fitted, so that danger from fire might be lessened. The gas stove is connected with merely a hose.

The question of whether Mrs. S. A. Walton should be allowed to pay her taxes at face was taken up. It was claimed that the streets were practicly impassible and had been for sometime, which fact had caused the tax to be held back. Council decided

TEACHERS PETITION PROF. W. D. WRIGHT TO REMAIN

Wish Popular Head Of Schools To Reconsider His Resignation As Superintendent—Paper Is Largely Signed.

SCHOOL BOARD MEETING

Matter Will Be Taken Up—Suggestion Of What Might Be Done.

That Prof. W. D. Wright, superintendent of the Charleroi schools is the most popular head the schools ever had was attested to last evening when the teachers presented a petition to him, signed by 43 of 45 teachers, requesting him to reconsider his resignation as superintendent of the schools, and remain here. Prof. Wright, when interviewed this morning, stated that he appreciated very much the action of the teachers, but on account of his daughter Lilian's health could not consistently stay in this section where the climate is so bad. The school board will hold a meeting tomorrow night at which time the resignation will be taken up and acted upon. The directors are all much pleased with Prof. Wrght's work and would be glad to have him remain.

Prof. Wright recently presented his resignation as superintendent, giving as his sole reason the poor health of his daughter, whom it is stated cannot remain in this climate. He had no other position in view, but intended to go to Kansas, and would probably secure a place in some of the schools there.

Charleroi has never had a meeting of the society and it was at the instance of Dr. Stahlmen of Charleroi at the March meeting that the matter was taken up.

A good program has been prepared for the meeting to be held at Washington next Tuesday. It is as follows.

"The Diagnosis and Teatment of Ankylostomiasis," by Dr. J. L. McCullough of Washington.

"Microscoic Diagnosis of the Different Malaial Fevers," by Dr. L. C. Honesty, of Washington.

"The diseases Due to Parasites Entering the Body Through the Digestie Tract," by D. C. W. Cohen of Canonsburg.

"Diseases Due to Parasites Entering the Body, Other Than Through the Digestive Tract," by Dr. C. C. Craraft, of Claysville.

BALLOON FOUND BY MONESSEN WOMAN

The balloon sent up Friday night, March 26, by James Gelder of the Sanitary Meat Market of Fallowfield avenue, with a prize tag attached, was found by Mrs. J. E. Reed, who lives half a mile east of Monessen. Mrs. Reed came to Charleroi yesterday, and was awarded the prize.

Four of the rockets sent up last Friday night by the Sanitary Meat Market and McDermott's Creamery, in the same building, were also found the same night. The finders were C. J. Wickerham, 531 McKean avenue; Tony Monarch, 527 Fallowfield avenue; Harry Lape, 524 Fallowfield avenue; Iva Mallabone, 701 Fallowfield avenue. All of these had prize tags attached to the sticks, and the finders were awarded the prizes. The two firms have five ballons and four rockets out yet with prize tags, which have not been found. Announcement will be made in Thursday evening's Mail for the Friday night specials.

GOOD EVENING

The heights by great men reached and kept

Were toiling upward in the night.
—The Ladder of St. Augustine.

When it comes to buying real estate Uncle Sam is a keen bargainer. Moreover he has the advantage of the ordinary citizen, in that he can take any plot he may need for a building site, and pay whatever valuation a jury of disinterested persons may place upon it. This is what he may do in Charleroi, and no fancy prices will be paid for a site for our prospective government building.

While the coal miners' movement for a six-hour day is likely to meet with bitter opposition, it should be generally considered before judgement is passed upon it. From an industrial point of view the hours may seem too short, but from the human side there is much in its favor. Investigation will show that there are numerous trades and industries dangerous to the life and health of operatives in which the working shifts are even shorter than six hours. The proposition will bear investigation.

Economy The Watchword.

With the running expenses of Washington county averaging $1,500 a day, the total for the year will reach nearly half a million. Notwithstanding the strenuous efforts made in certain quarters at the last triennial assessment to increase the taxable valuations under the plea that a full assessment did not necessarily mean a higher tax rate, county expenditures have steadily advanced, which has necessitated a higher tax rate for the county this year. This is only the natural order of conditions, and so long as the valuations warrant a higher tax rate, this rate will be imposed to meet steadily increasing expenditures. In view of the great business depression which has prevailed [illegible] to make any marked increase in existing valuations at the next triennial assessment. Real estate valuations have suffered a material reduction during the past year, and many industrial plants which have remained idle had absolutely no valuation at all. This experience is a striking object lesson against the policy urged in many quarters of assessing an industrial plant at the full amount expended in its construction. During the past year the spectacle was witnessed of many big plants which cost thousands of dollars utterly worthless except for the purposes for which they were built.

The assessors should go slow at the coming triennial assessment. When valuations are high the temptation to spend public money is not nearly so great.

Belongs to This District.

Strenuous efforts are being made by the friends of Congressman Moore of Philadelphia, Graham of Pittsburg and Cooper of Uniontown to have them appointed to fill the vacancy on the Rivers and Harbors committee, caused by the retirement of E. F. Acheson. There should be no contest whatever in this appointment. Hon. J. K. Tener of Charleroi is the logical candidate for this position, filling as he does Mr. Acheson's place as representative of this district whose interests are so directly and vitally connected with river improvements. By virtue of both natural conditions and precedent, the appointment of Mr. Acheson's successor on the Rivers and Harbors Committee belongs to this district.

As previously stated in the Mail, it is possible to bring considerable influence to bear in this appointment if only the business associations and boards of trade within the district put forth the proper effort. It has been suggested that these bodies write letters to the United States Senators and other Congressmen and officials of their acquaintance, asking them to use their influence for the appointment of Mr. Tener on this committee. The Charleroi Merchant's Association has already taken action in this matter, but all the assistance is needed that can be brought to bear. This appointment is of vital importance to the industries of the river and entire Pittsburg district, and if given to Mr. Tener our interests in this respect would be well cared for.

Send In The News

Every once in a while a kick is registered that the Mail has omitted some news items in which the person making the kick is interested. Inquiry usually develops the fact that this person did not apprise the Mail of the event or item in question, and the local news gatherer was not aware of it. This is not always satisfactory to the aggrieved person, who usually comes back with the well-worn argument that it is the newspaper's business to keep tab on everything, and to see that it is properly covered and reported. For the benefit of its readers and the public generally the Mail desires to state that it covers its field better, and is in closer personal touch with its readers and patrons than any of the Pittsburg papers, for example.

Not only that, but the Mail gives more local news proportionately each day than any of the papers publishd in Pittsburg. This can be readily verified by a glance at any of these paper, and by sorting out the purely Pittsburg news. How much, for instance, can be found relating to Allegheny, or the Northside, as it is now called? There is a city with possibly a population of over 200,000 in which all newspaper ventures have met with disastrous failure. Yet it is a fact that most of the Pittsburg papers assign one reporter to cover the whole city each day.

Charleroi, including Speers and North Charleroi, embraces a territory of possibly three miles in length, and has a population of perhaps 10,000. The Mail has one outside reporter to cover this, and he does it well. In Pittsburg none of the papers have more than a half dozen reporters to cover a territory over fifteen miles in length with a population of over half a million. The writer, who a few years ago was on the local force of one of the leading morning Pittsburg papers, was one of four who often constituted the entire force of outside men for a day and night, and one of these were assigned to cover Allegheny. That gave each man an average of over 100,000 people to look after.

None of the city reporters on big newspapers average two columns of news a day, yet the Mail's outside man exceeds this every day of the week. The city papers, only touch the fringe of the population—the wealthy and the criminal classes—while the real people—the "common people", as President Lincoln termed them—seldom figure in the news columns. In the Mail is recorded each day more real history and news of the people in proportion to the field covered, than in any of the city papers.

These statements are made simply with a view of setting the public aright in its conception of the duties and work performed by the newspapers. The Mail is more than happy to publish all news items relating to the community, but it cannot exceed proportionately the efforts of the large city papers in news gathering. It therefore again makes the request to its patrons, send in all the news items in which you are interested.

Electric Sparks

With the opening of real spring we notice the usual contagious spring fever is at its height. Suppose it will continue until next April with some people.

Now that Uniontown is again to be a member of the P. W. Va. league we can safely depend on the league being alive this year. And also some clashes between our own Frank and his tribe, with the wily Champs may be eagerly looked for, and if they don't look sick after he gets through with them, there will be a mighty good reason.

According to all reports we are going to have a Marathon. Oh, you can't keep Charleroi from getting into all kinds of fashionable events.

The reason we don't have more sensations over here is because we are so afraid Monessen might get jealous.

The county expenses grow. Well what of it? Doesn't the population keep a few licks ahead also?

Soap dealers got it on Monessen residents. Watch for them in Charleroi.

A contemporary says that Monessen has the best stores in the valley. Evidently it forgot that Charleroi was a neighbor. Beat us if you can.

A Cleveland man came near marrying the wrong girl on account of a mistake in names, but found it out in time. More fortunate than many men who have no way of learning of their mistake until too late.

What with the gun silencer and the new electric light sights the neighborhood cat and dog nuisance is liable to get an overnight set back.

Mr. Roosevelt is said to be very confident that the lions won't get him. We infer from this that he intends to get the lions first. Old African hunters say that this is quite essential to the safey of those who go after lions.

EXPENSES OF THE COUNTY ARE EVER ON THE INCREASE

The running expenses of Washington county are about $1,500 per day, according to the records in the commissioners' office, says the Washington Record. The total expenditures for the quarter ending March 31, were $[illegible], and by months as follows: January, $21,009.98; February, $51,987.28; March, $38,382.85.

The amounts drawn from the several funds for January were as follows; General fund, $7,304.30; bond fund, $13,702.50; dog fund, $3.18. In February $20,763.33 was drawn from the general fund, $17,723.24 from the road fund, and $22,500 from the Monongahela bridge fund. The principal expenditures in March were: From general fund, $28,009.12; bond fund, $800; Donora bridge fund, $8,550.

The court expenses were very heavy as follows: Grand jurors, $362.50; mileage, $63.78; petit jurors, $995; mileage, $63.78; traverse jurors $2,790; mileage, $641.50; witnesses, fees, $2,126.43; mileage, $1,409.28; district attorney, $1,000; assistant district attorney $300; court crier, tipstaves, messengers, $779.50; clerk of courts, $1,257; court stenographer, $765.80.

The amount paid justices of the peace was $1,292.52; constables, $1,658.23; for transcripts, $805.10; mileage for justices and constables, $175.44. The amount paid for views and awards was $175.07.

ECZEMA LODGES IN THE SKIN

Not a Blood Disease—Cured by Oil of Wintergreen Compound

For many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of wintergreen, thymol, glycerine, etc. The remedy is a liquid, not a mere salve, hence it sinks right into the pores of the skin. Washing with this oil of wintergreen compound seems to take away the itch at once; soon the scales drop away and the disease disappears. The prescription has now been used so long as to have proven its absolute merit and we do not hesitate to express our confidence in D. D. D. Prescription as used with D. D. D. Soap.

HE GOT BIG PAY.

An African Salary That Commanded Respect and Obedience.

Makuba and Obianga were two Africans, the one the captain of a boat crew and the other subordinate to him. Obianga was an independent fellow, not in the least lazy, who rather resented "bossing." In a book entitled "The Jungle Folk of Africa" R. H. Milligan tells of an altercation between the two men. Makuba, the diplomatic, came out of it with flying colors.

The worst disputes between Makuba and Obianga took place when they supposed that I was asleep. The native when he lies down anywhere sleeps immediately. Whenever I was lying in the bottom of the boat they always thought I was unconscious and that no conceivable noise could waken me.

Captain Makuba orders Obianga to "haul away on the peak halyards," to which Obianga promptly replies:

"Do it yourself."

"I won't do it; you will do it!" says Makuba in a threatening tone.

"Are you my father?" says Obianga.

"No," answers Makuba, with infinite scorn. "How could a Kombi man be the father of a creature like you?"

"Then stop giving me orders!" says Obianga, with rising wrath. "It is not the first time you have tried it, and that it won't do."

"One of these days you will find out that I am captain of this boat and that you will have to obey me," says Makuba.

"Not as long as I carry a gun," answers Obianga.

By this time they are standing up and looking hard at each other. But Makuba would not think of striking a man in a mission boat. He therefore becomes diplomatic. Suddenly in a tone altogether different he says:

"Obianga, the trouble with you is that you are just a bushman. You don't know anything about civilization. On every big ocean steamer there is a captain, and every man on board, no matter what tribe he belongs to, obeys the captain."

Obianga becomes instantly curious and asks, "Is he rich?"

"Yes," says Makuba; "he gets big pay, and so do I get big pay."

"How much do you get, Makuba?"

"How much do you think?"

Obianga thinks as well as he knows how, his countenance distorted with the effort, and at length answers reflectively, "Two dollars a month." He himself gets a dollar and a half.

A broad smile engages Makuba's features as he slowly answers, "Five dollars a month."

Obianga gives expression to his surprise in a long, low whistle. It is quite evident to him that no ordinary person could command such wages, and in a tone of utmost compliance he says: "What was it you told me to do, Makuba? I forget."

"I forget, too," says Makuba. "Oh, yes," he adds, "I told you to haul on the peak halyards."

His Occupation.

A big, brawny fellow in answer to a question in a justice's court as to what he did for a living said:

"Well, sir, in the spring I ketches an' sells young mockin' birds, in the summer I mostly sells rattlesnake buttons fer rattles fer the babies, but in the winter I sometimes has to chop wood."—Atlanta Constitution.

Enlarging the Limit.

"You are very foolish, Alfred. That is your third cigar, and you know the doctor limited you to one a day."

"Yes, dear, but I've consulted two other doctors, and each has allowed me one cigar a day; total, three!"

VINOL CURES CHRONIC COUGHS, COLDS AND BRONCHITIS

After Other Remedies Fail

"I have been troubled with a chronic cold and bronchitis for a long time and have tried many remedies without finding relief. Through the kind suggestion of a friend I tried Vinol, and after taking four bottles, am entirely cured." A. H. Wilde, 733-8th Avenue, Minneapolis, Minn.

S. McDonald, 147 W. Congress St. Paul, Minn., writes: "I contracted a severe cold last winter and thought I would never get rid of it. I tried Vinol as a last resort, and it has completely cured me."

Vinol combines two world-famed tonics, the healing, medicinal properties of cod liver oil and tonic iron, deliciously palatable and agreeable to the weakest stomach. For this reason, Vinol is unexcelled as a strength-builder for old people, delicate children, weak and run-down persons, after sickness and for Chronic Coughs, Colds and Bronchitis.

Our window of the new shapes in the W. B. Corsets $1, $1.50, $2, $5.

Our window of fine leather hand bags, 50c, $1, $1.50.

Muslin Underwear

This department has an entirely new section and has been increased to twice the size.

Special values in corset covers, 25c and 50c.
Special values in drawers, 25c and 50c.
Special values in night gowns, $1.00.
Special values in white skirts $1.00.
And a multitude of new styles to select from.

Special Laces 5c yard

We have opened a special department for all sorts of laces at 5c a yard. This is an entirely new idea in our store and one that will appeal to everybody with great force. There are hundreds of pretty patterns of the neat Val laces with insertions to match. Hundreds of neat fine narrow cotton Torchon, and hundreds of wide heavy cotton Torchon all with insertions to match. There are five special sets of several widths lace of pure linen Torchon. There is not a piece in the lot that is not a big bargain for the price. Before we organized this department we always sold these laces for 8c, 10c and 12c. But now we sell so many we can buy them to sell for 5c.

(Continued from First Page).

she would not be exonerated from any part of the tax.

The boardwalk committee was instructed to locate the curb line in places of doubt, so that the burgess could keep the walks free from obstruction.

A solicitor was elected last night, there being two applicants, Attorneys Hugh Fergus and D. M. McCloskey. The former was chosen by vote of 4 to 3. A solicitor had been elected before, but the ballot was taken secretly, and had to be changed to viva voce to make it legal.

The auditor's report for the year was read but referred back for correction, it being claimed there was an error in the total duplicate.

Those present at the meeting were President Woodward, and Messrs. Schafer, Jacobs, Rockwell, Gaskill, Sloan and Nebelung.

Personal Mention

Rev. H. C. Boblitt, pastor of the First Christian church, is confined to his home with a severe attack of laryngitis.

Prof. B. B. Smith of the borough high school is receiving congratulations over the arrival of a daughter into his household at Belle Vernon yesterday.

D. M. McCloskey, Esq., left this evening for Washigton, D. C., where he will transact business in connection with the Federal buildinng to be erected at the corner of Seventh street and Fallowfield. Mr. McCloskey thinks that there will not be any condemnatory proceedings instituted.

Mrs. F. C. Stahlman, Mrs. George Woodhall and Miss Helen Woodhall are visiting friends in Pittsburg.

S. T. Chester was in Pittsburg yesterday transacting business.

J. L. Reeves is in Pittsburg today looking up business.

Mrs. Archie Hermell and daughter Esther have returned to their home in Ashtabula, Ohio, after a visit with the former's parents, Mr. and Mrs. B. L. Parsons of Fallowfield avenue.

Mrs. Rose Stone has left for Carlisle where she will spend sometime with friends and relatives.

Officers Elected.

At a congregational meeting at the First Presbyterian church last evening three elders were elected, W. C. Clark, Robert Beaver and J. Bumbaugh. Three trustees were also elected, Clyde Sheep, Geo. Clark and Dr. J. W. Hunter.
